# Frequently Asked Questions

## **Is a deposit required to reserve my date?**

We require a \$200 deposit to formally book your date. This guarantees the Booth will be held for your event.

## **When is the final payment due?**

We require final payment 10 days prior to the event. If full payment has not been received by the due date, additional charges may apply.

## **Do you charge extra for set-up and tear down time?**

No. If you have hired us for 4 hours and your event goes until 10 pm, our Photo Booth will be completely set-up and ready to go no later than 6 pm. If you require additional time, we charge \$100 per half hour for overtime. Furthermore, if you require the Booth to be set up by 4pm but not running till 6pm, we charge a modest \$25 per hour for idle time. So this example would cost an extra \$50.

## **Does our rental include a Photo Booth attendant?**

Yes. A professional and friendly staff member will be present during the entire rental period to help your guests operate and enjoy their Photo Booth experience.

## **What are the dimensions of your Photo Booths?**

Our Portable Booth is adjustable to fit your needs. The Booth measures approximately 6' tall by 3'– 6' wide by 6'–10' deep.

## **How many people fit in your Photo Booth?**

Our design will accommodate quite a few of your closest friends! Up to 6 fit comfortably, and we've had up to 15 in it at one time. That's a party!

## **Do you have any suggestions on choosing an area for the Photo Booth?**

We recommend that you try and position the Photo Booth as close to the action as possible. This has proven

much better than in a different room away from the party where it is likely to be used less frequently by you and your guests. Our fully trained attendants will locate the Booth in the best possible location to optimize lighting and guest traffic. We are always willing to visit your location with you to discuss the placement of your Photo Booth.

## **What are our photostrip options?**

You are free to choose Color or B&W. Other options include personalized overlays designed to complement your event. 4 x 6 full size prints available for additional cost, integrated with a photo of your choice.

## **Are prints included with your rental rates?**

Yes they are. Each Photo Booth session takes three or four pictures to create a strip. They are printed on professional die sub photos that won't fade (vs. ink jet). Seconds after stepping out of the Booth your guests each get a photo strip to keep. Our rental rates include unlimited sessions during your contracted time.. **we print enough strips so that everyone in the photo gets one!**

## **Can we have a special message displayed on our index prints?**

Absolutely! Most of our clients choose to customize their strips. Weddings Party can include wedding date and their names while Events select date and title of their function. However, any unique message you choose can be displayed in this area at no additional charge. Extensive custom graphics or watermarks can be added for an additional fee.
